- Safe gas evacuation and reclaiming.
- Use of 100% eco-friendly detergents.

## About Us

**ALWAYS AIR CC** – was formed 24 years ago, as an air conditioning and general maintenance business, focusing on the Industrial, Commercial and Domestic markets.

During this time the business and its key personnel have grown their networks and gained an enviable reputation.

The business was set up as a Close Corporation, which operated in the small contracts market with a view to growing the business conservatively. This is borne out in records of accomplishment of the business during its eighteen-year history.

Over the years the reputation of the members and the quality of workmanship has been recognised and rewarded with bigger and better contracts, which enabled the business to grow substantially.

We work closely with approved Black sub-contractors on site, but all repairs are done in house.

We have recently been upgraded to **level 2 B-BBEE**.

This has huge benefits to the customer as they can claim 125% from the academy on their purchases.

***Our objective is to consolidate this business within the market and become a preferred service provider in the air conditioning and general maintenance community.***

## Memberships:

We are proud to be full members of the following organisation: -

- SARCA – No 2992  
The South African Institute of Refrigeration and Air Conditioning since 1999

## Company Mission: -

- We aim to be Gauteng's top Contractor, performing a wide range of quality, value for money maintenance and retrofit work concentrating on superior customer service.
- Provide a long-term relationship with our clients.
- Provide equal opportunities and training to all our employees.
